The Rev. Joseph Rand, for fifty-five years a

afternoon in Maysville Cemetery.

DR. W. H. LAWWILL.

Dr. W. H. Lawwill died Sunday night at his
home near Shelby City, Boyle county, after an
illness of several weeks, death being in great
part due to the infirmities of old age.

Dr. Lawwill was born in Brown county, O.,
in 1826, and was for a long time a resident of
Maysville.

He removed to Boyle from Mason county in
1891 for the purpose of educating his family,
and located on the farm near Danville which
had since been his home.

Though educated for a physician, at the Ohio
Medical College in Cincinnati, of which he was
the oldest graduate, he had not practiced
medicine for many years, having engaged in
farming after his removal to Boyle. In 1865
Dr. Lawwill was married to Miss Mary J. Wells
of this county. After her death he was mar-
ried to Miss Mefford, also of Mason, who died
only a short time ago.

He is survived by seven children—Edward,

THE Philadelphia Ledger says Mr. BRYAN, being dead and gone, is ignorant of the changes which the Democratic revolution has wrought since 1900, and, curiously enough, even in the tomb in which his party, none too tenderly nor reverently, laid him, his rest is disturbed by idle dreams that he still lives as a political factor.

THE German newspapers and the German Emperor are "biling over" with wrath because Admiral DEWEY ventured to remark that the United States had a greater Navy than Germany—or words to that effect. They can probably be convinced of the truth of DEWEY's statement if they will kindly get in the way of some of the big guns that have a few Yankee Gunners at their business ends.

THE Winchester Sun-Sentinel puts it pretty forcibly when it suggests that it would be well in soliciting subscriptions from our citizens to have a semblance of an exhibit for Kentucky at the Louisiana Purchase Exposition to explain that the humiliating necessity arose from the fact that an inefficient Democratic Legislature loaded the state with a \$100,000 corruption fund to hang TAYLOR and damn the Republican party, and failed to make any kind of an appropriation to enable us to show our resources at the Exposition.

THE Irish Land Bill pending in the British House of Commons is considered the most important of any yet introduced for the government of Ireland. Leaders on both sides believe that it will go far toward bringing about a just settlement of the land question. The bill provides for the purchase, on easy terms, of land by the tenants, the Government lending them the money at a low rate of interest. It is calculated that the tenants can eventually acquire the land by annual payments amounting to but little more than the rent they now pay. The total amount to be loaned by the Government is estimated at \$500,000,000 to \$750,000,000, and of this amount \$60,000,000 is in the nature of a free contribution to the tenants.

Mrs. Ida Osgood Stanley of Indianapolis may lose a \$750,000 estate through an alleged defect in papers of adoption.

Sweden's success in dealing with the problem of temperance is attested by the fact that her consumption of liquors is now only four quarts per head per annum, or one-sixth of what it was in 1830, whereas in Germany it is 11.2 quarts per head.

CAN'T EVADE IT.

Positive Proof from Maysville Can't Be Brushed Slightly Aside.

The reader is forced to acknowledge that convincing proof from people in this locality is pre-eminently ahead of endorsements from everywhere else in our Republic. Read this:

Mr. John H. Fawcett of 209 East Fourth street says:

"It is most pleasing to learn of a remedy which does all that is claimed for it when there are so many whose merits exist only on paper. I know that Doan's Kidney Pills are a valuable and reliable remedy, and this fact is substantiated by ample proof from their personal use. I procured the remedy at J. Jas. Wood & Son's Drugstore, corner of West Second and Market streets."

Nervous Headache

The Cause of Much Suffering to Women is Permanently Cured When the System is Built Up By

DR. A. W. CHASE NERVE PILLS.

A NERVE TONIC NEVER EQUALLED

THIS SHAPED BOX—NO OTHER

Mrs. John Fall of Fourth street, Toronto, O., says: "I like Dr. A. W. Chase's Nerve Pills because they cured my nervous sick headaches. These headaches used to play me out and leave me weak and nervous, the pain being so severe. My eyes used to get stiff and sore during the attack and the neck so stiff I could hardly turn it. The Nerve Pills, however, proved to be just what I needed and cured the attacks in a hurry. As a result I feel steady in nerves, physically strong and vigorous and in every way sound and well. This makes me feel I can't speak too highly of the medicine."

A. W. Chase on each box of the genuine. For sale by dealers, 50¢ a box, or Dr. A. W. Chase Medicine Co., 257 Washington street, Buffalo, N. Y.

If the German Emperor desires information as to the efficiency of Uncle Sam's Navy, he is respectfully referred to any of the English gentlemen who "went up against" the infant during the Revolution or the War of 1812, or to either Admiral MONTEJO or Admiral CERVERA, late of the late Navy of Spain, who were foolish enough to tackle the promising young man a few years ago.

On the principle that "an ounce of prevention is worth a pound of cure," THE LEDGER earnestly urges every citizen of Mason county to comply cheerfully with the orders of the County Board of Health, printed elsewhere. This will prevent all danger of another outbreak of smallpox, such as has existed in this county since last December, and which has been recently so grossly exaggerated. So far as Maysville is concerned, there positively has not been a new case since last Saturday, and the three or four cases that remain in the city limits are about well.

HERE is what the mud roads of Maysville have cost each year for seventeen years past—

1886.....	\$ 9,397.41	1896.....	\$ 4,572.30
1887.....	6,284.17	1897.....	10,078.99
1888.....	6,109.78	1898.....	3,700.45
1889.....	5,125.85	1899.....	3,066.53
1890.....	5,449.75	1900.....	4,485.82
1891.....	6,258.12	1901.....	4,316.54
1892.....	6,690.75	1902.....	3,871.88
1893.....	21,673.36		
1894.....	9,002.06	Total.....	\$116,955.72
	6,831.16		

Just think of it—\$116,955.72 absolutely wasted, for we have just exactly the same sort of streets that we had before a dollar of this money was spent. If in 1886 the city had borrowed \$100,000 at 4 per cent. and built streets with that money, it would have cost the taxpayers \$4,000 a year for interest, or \$68,000 for the seventeen years.

The account would then look something like this—

What it cost..... \$116,955.72

What it would cost..... 68,000.00

Saving to taxpayers..... \$ 48,955.72

Besides, we would have had seventeen years of the pleasure and comfort that follow good streets and clean surroundings.

Political Pickings

CALHOUN WAS CONSIDERATE.

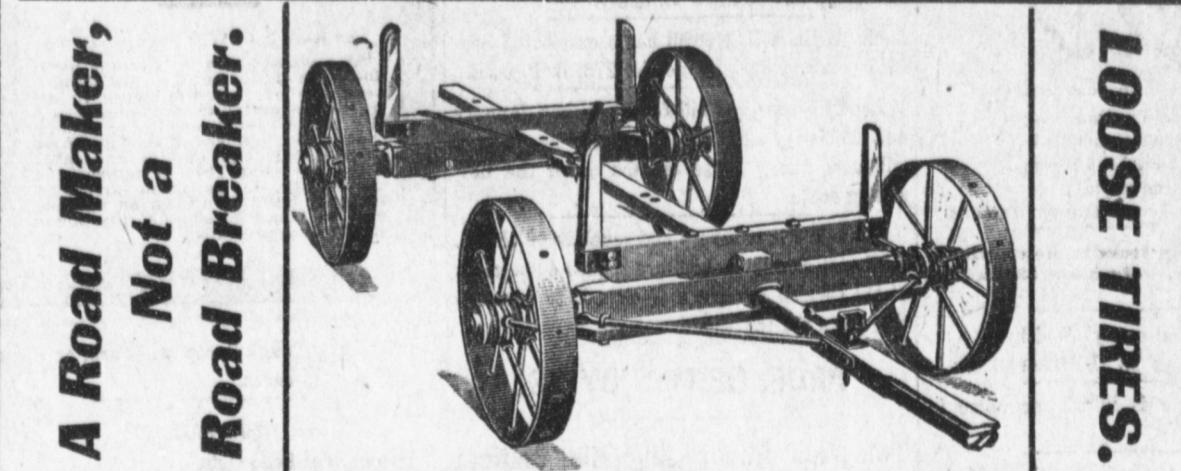

Cynthiana Democrat.

When Governor Beckam signed a contract with Captain Calhoun for the collection of Kentucky's war claims he did it with the full knowledge and consent that, if the Captain could lobby an act through the Legislature increasing the fee, he was welcome to it. The sum of \$71,000 is modest. The Captain might have made it \$200,000 just as easily. It is a credit to Governor Beckam that he selected a man who could restrain himself.

Farmers' Handy Truck Wagon Only \$19.90

A low-down, broad-tired farm truck is becoming a necessity upon every well regulated farm. A truck wagon once placed upon a farm is used more than any other implement. It works not a few weeks as do plows, cultivators, binders, etc., but every day in the year. It is truly

A HANDY WAGON!

OUR PRICE \$19.90.

This wagon has steel wheels with 4-inch tires, 3 1/2-inch skeins, guaranteed to carry 4,000 pounds; top of bolsters only 22 inches from the ground. Think of the convenience in housing tobacco, hauling fodder, hauling rock, rails, wheat, etc., without cutting up the farm and starting washes here and there. Call and see this wagon and be convinced.

Oliver

Gave to the world the Chilled Plow. The magical word Oliver is a guarantee of quality.

almost twice as long as a part chilled in the imitation way. Notice one peculiarity of an Oliver Plow. When you put on an Oliver Point you have an entire new cutting surface; you virtually have a new plow. Upon other plows the point and cutter are separate, and you have to buy two parts at double the expense to secure a new cutting surface. Remember this, please: Oliver parts all fit nicely. An Oliver Point fits just as nice as the first one that was put on the plow. Oliver Mouldboards, Standards, Landsides all fit; your Oliver Plow works just as nicely when it is ten years old as it did the first year. We ask you to candidly say if this is the case with any other plow on earth. When you spend your money get all you can for it. The most value that a man gets in anything is an Oliver Plow. Oliver Plows are absolutely guaranteed.

The New Hampshire Legislature is the largest, having 417 members. Next in size is that of Connecticut, with 279. The Legislature of Georgia numbers 219 and that of Illinois 201.

President Bridgeman of Hamline University, Minnesota, has declared a ban on slang words in college yell. "Dickens" is a word he will not allow. "Bet" is another. "Holy smoke" he characterizes as profane.

One dead, seven not expected to live, two missing and seven others so badly burned, was the terrible result of an explosion in Blast Furnace "I" of the Edgar Thomson Steel Plant of the Carnegie Company at Braddock, Pa., yesterday.

There are thirteen aspirants for graduation at the Flemingsburg High School this year.

Today marks the twenty-first anniversary of Mr. John Duley's connection with the State National Bank.

The Public Schools of Maysville will probably be represented in the Bluegrass Graded School Tournament to be held at Mt. Sterling May 28th and 29th.

Miss Belle Taylor Judy of Millersburg, vocalist, and Miss Jessie Lawson of Flemingsburg, elocutionist, were the winners in the vocal and declamatory contest recently held at Flemingsburg.

The small brick and frame cottage belonging to Bud Jordan burned on the Fleming pike last night about 10 o'clock. It was insured for \$500 to cover a mortgage held by the Limestone Building Association.

Warrants have been issued in Flemingsburg for T. M. Stephen, A. B. Cochran and Given Palmer, charged with passing the quarantine guards going from this city. For the same offense George W. Beckett and Washington Thomas were fined \$10 each.

EXQUISITE MUSIC.

The bandsmen of the Gordon Highlanders "The Kilties," who will appear at Washington Opera-house afternoon and evening Wednesday, April 15, have always given due prominence on their programs to the works of the great masters, and are equally at home in performing the less pretentious compositions of the popular writers, but they chiefly excel in their own peculiar National music, that of Scotland. It is unnecessary to refer to the exquisite musical beauty of Scottish airs and the manner in which they appeal to all. Suffice it to say that faithful interpretation of Scottish music by the Gordon Highlanders is as near perfection as anything musical can be.

The river is going down fast at this point. The Tacoma for Pomeroy will be up tonight. Engineer Clayt. Crawford is in command of the Sunshine.

The Henry M. Stanley will be down tonight from Pomeroy.

The Keystone State from Pittsburgh will pass down tonight.

The Louise passed up for the Big Sandy where she will go in commission.

The big steel barge built by the American Bridge Company at Pittsburgh a couple of months ago, which has been lying in the harbor, will be loaded with 2,500 tons of steel rails and towed to St. Louis next week by the J. Y. Lockwood.

Now there is talk of the Government improving the falls of the Ohio some more. It is the general opinion of rivermen and steamboatmen that it has been "improved" too much already.

The only improvement that can be made on the falls worth anything to navigation is to establish five or six beacon lights between the head of Indiana chute and Sand Island, so that when the canal is closed steamboats and towboats

can run at night and not have to wait at the head or foot of the falls for daylight to come.

Again if the Government will improve the canal by cutting out the "niggerheads" in it, it will be really an improvement worth something to navigation.

Statistics of recent years have shown that there is a steady increase in river traffic. Beginning with the construction of railroads, the river traffic declined steadily until 10 years ago.

Since then there has been a gradual enlargement of the trade; not at the expense of the railroad traffic, but because of business that is better handled by water. The fact of this increase is not generally known. Supervising Inspector Dorsey of the Louisville District believes that there will be a steady increase in the volume of river traffic. In 1901 1,135,000 passengers were carried in that district, and last year there was an increase of 12,000 in the total. Memphis, Louisville, Evansville and Nashville, the four central points of Capt. Dorsey's district, rank in the order named in the volume of business.

The steamer City of St. Louis, one of the last of the famous old Anchor liners, which was bought several months ago from Capt. James M. Grasty by the Greater New York Home Oil Company and taken to New Orleans from St. Louis to be converted into an oil tank vessel, was sold last week by the United States Marshal to satisfy claims amounting to a few hundred dollars. There were few bidders at the sale, and she was finally knocked down to Attorney T. Marshall Miller for \$3,125. Mr. Miller bid her in for George B. Alexander and George Clifton of Greenville, Miss., Mr. Alexander being a member of the Greenville Oil Company, and Mr. Clifton having charge of the coal yards and elevator at that place. The City of St. Louis is the largest boat on the Mississippi river, and has one of the finest cabins ever built. After undergoing a few necessary repairs she will be taken to Greenville, but what use her new owners will make of her has not been announced.
